

LED Lighting Kit and Motion Sensor

Traditional Fluorescent Lighting

NEW VE LED Lighting System

Vendors Exchange now offers 2 different options on its LED lighting kits-Standard kits (single LED strip) and Deluxe (3 LED strips). Whether you are looking for energy efficiency or brightness to attract customers to your machines, LED kits from VE cover all the bases.

Features:

- Even illumination eliminates shadows, even on lower shelves
- Extremely energy efficient, reducing lighting energy use by up to 50%
- LED lights last an average of four-times the life of traditional fluorescents
- Draws attention of customers over 20 feet away
- Installs on machine in minutes
- Addition of Motion Sensor Kit further reduces lighting energy use by up to 88%
- Motion Sensor dims lights when no one is in front of the machine, prolonging the life of lamps even more.

Options:

- Deluxe LED Lighting Kit (3 strips)
- Standard LED Lighting Kit (1 strip)
- Both available with MDB options
- Motion sensor

Available for:

- AP 6000/7000, 112/113, 122/123, 132/133, LCM 2/3, Studio 2/3
- National 147/148, 157/158, 167/168, 780
- National 430/ 431/ 432 Cold Food

Deluxe: \$139.95 • **Standard: \$79.95**
Deluxe Cold Food: \$179.95
Motion Sensor: \$79.95

Innovation obsessed. Vending driven.
